SINCE 2017

SS GLOBAL MERCHANTS LIMITED

Trust, Transparency and Consistency

About Us

SS Global Merchants Limited is an international trading house based in London United Kingdom.

We have trading partners in Mainland Europe, Middle East, East and West Africa and South East Asia.

Our team has wealth of experience, knowledge and integrity. We value our partners and always strive for co-operation, mutual dependency and honesty in all our business dealings. We work hard at finding likeminded partners who share same values.

Our core trading is in agro based products, such as Raw Cashews Nuts, Cashew Kernels, Coffee Beans and Cocoa Beans with close to a decade of healthy experience in handling the sensitivity of these products ensuring utmost satisfaction to our clients.

CORE BUSINESS

Trading is our main activity, we expertise in trading of Agro based products, however, we do trade in other products as well

OBJECTIVES

To add value in the current supply chain of Various products in Various industries (main being Agri), by creating mutual dependency, mutual respect, and mutually beneficial relationship with all the actors of the trade.

GOAL

To handle trade worth a billion dollar, and to be among the leading trade houses in Agri Industry.

MISSION

To be the bridge between origin and destination with utmost Trust, transparency and consistency

VISION

To be the name for Absolute Trust, Transparency and consistency. To be the first right of refusal for our customers, channel partners, suppliers and financiers. To be a preferred Trade House among the employees to look up to.

Management Profile

SS Global Merchants Ltd is incorporated by a team of young and enthusiastic entrepreneurs, who firmly believes in:

1. Complete Mutual Trust
2. Complete Transparency
3. Absolute Consistency

The foundation of SS Global Merchants Ltd was laid down by Sachin Purohit in June 2017 with a dream to be one of the most preferred trade houses in the industry and a name for absolute trust and transparency, a young and enthusiast management graduate with overall two decades of experience, out of which over a decade and half in International Trade along with spending over a decade on ground in Western and Eastern part of Africa with excellent business relationship all across the globe.

Starting Journey by trading RCN from Ivory Coast (West Africa), today we have moved to a far ahead while trading in various commodities from multiple origins with a goal to handle trade worth a billion dollars.

Our Quality Inspection team is vastly experienced with over 15 years of experience in various products. They truly understand the sensitivity of the trade and take care of the Agro Products as their own baby.

We always believe in building relationship and partnership with like minded people and are really blessed to have our partners who has a similar approach and are vastly experience in the Agro Commodities Field, (over 30 years of experience) who have actually seen the industries ups and down in a very closely manner and are the industry in itself thus giving us an extra edge over our competition in terms of delivering right product with right quality at right time.

Why us ?

Our Strength

Having direct relationship with origins & destinations. We are competitive to get the best value of money in sync with the market.

We are competitive

With the assurance on the quality, delivery timelines, we are competitive to get you the best prices in-sync with the market

We Know the Industry

With over 12 years of working experience in Agri Industry, we bring deep understanding and we truly understand the sensitivity of the trade as well as the sensitivity of the products.

We guaranty Satisfaction

We know that the trade works on:

Trust
Transparency
Consistency

The same is the our belief, thus we ensure and assure you the best of our services and deliveries on each and every trade

We go the Extra Mile to Deliver Value

We know, as a buyer, you want your deliveries to be on time, handled professionally and we will walk those extra miles to ensure this to you

We Ensure the Quality

With the motto "In Quality, We Trust" We believe it is nothing but our product quality can speak volumes on us and we strictly adhere to this

Raw Cashew Nuts

Our competitive edge lies in the supply chain management of Raw Cashew Nuts (RCN). We procure them from remote bushes and bring them to process houses. With excellent origination capabilities, we have built a strong presence in Africa one of the largest traders in West Africa, a major origin of RCN.

The key to our competitiveness and success is the presence of specialized traders and highly qualified quality control inspectors that ensure strict quality and logistic controls at origins.

We source from different African origins and sell into processing destinations India and Vietnam. We have an established sales network in these destinations where we operate on basis of delivering stocks directly to the factory on the basis of delivering gate.

Our procurement network in African countries of Ivory Coast, Nigeria, Benin, Burkina Faso, Guinea Bissau, Tanzania and Ghana ensures high quality and timely delivery.

Robusta Coffee Beans

Coffee Bean is the seed of the coffee plant. The fruits called coffee cherries or coffee berries, most commonly contain two beans with their flat sides together.

We source coffee from Vietnam, Indonesia, and West Africa and sell into North African Countries. The coffee business model is centred on niche sourcing and marketing. The cocoa and coffee growing areas in West Africa share their geography thereby giving us an attractive opportunity to utilize our resources and build a profitable coffee business based on niche marketing.

Cashew Kernel

Our Strong Relationships with all major processors across South-East Asia, Asia and South America, guarantee the best quality product is delivered to you at a competitive, standardised price. Regardless of price fluctuations, S S Global guarantees on time delivery at the agreed price.

Cocoa Beans

Commonly known as the black gold of Cote D'Ivoire, cocoa is the seed derived from oval shaped orange fruits known as calabashes. The Cote D'Ivoire is the largest producer and exporter of Cocoa Beans in the world representing 40% of global production.

We work with reliable counterparties to source Cocoa Beans from Ivory Coast, with our own team on ground to ensure:

- Right Quality Cargo
- No Blending
- Well Dried Cargo

We sell Cocoa to biggest chocolate producer companies in the world

Our high-quality supply of cocoa beans enables our customers to meet a wide range of their requirements. This in turn forms the base of the high-quality chocolate for the final consumer

Rice

Our success comes from our deep-rooted distribution presence coupled with our selectively integrated operations across the rice value chain. This presence gives us an exceptional insight into global demand & supply trends and intelligence.

We can provide our customers with practical market guidance, not only allowing us to forge long-term partnerships but also deliver the best quality products and create some of the most loved and reputed rice brands globally.

We Supply Basmati and Non-Basmati Rice through most reliable millers / channel partners from:

- India
- Vietnam
- Thailand

Dry Ginger

We source our dry ginger directly from the farmers of Nigeria. We have our warehousing & drying facility, inland logistics and shipping facilities to ensure timely and consistent supply to our customers.

We have experienced teams on the ground who ensure the best quality and we take pride in providing you with the EU approved quality (FAQ & ASTA).

We have client base in:

Europe
Middle East
Asia

Sesame Seeds

We are committed supply chain managers of Sesame from African Countries to various countries in Asia.

Our emphasis on procuring quality products from the origins and cleaning it to meet customers demand hold us in good stead with a reputation for quality sesame shipments.

We can supply Sesame from India, Nigeria, and Burkina Faso.

Soya Beans

Soybean or Soya Beans as they are called, are a species of legume and are native to East Asia. They are highly regarded in the vegan circle as the ultimate substitute to meat and even milk. They are low in fats and high in proteins and are hence called lean foods. India is one of the leading nations in Soybean production. Soybeans are high in protein and are also a decent source of both carbs and fat. They are a rich source of various vitamins, minerals, and beneficial plant compounds, such as isoflavones. For this reason, soybeans may reduce the risk of breast and prostate cancer and alleviate the symptoms of menopause.

Jute Bag

Jute is a sown crop every year and is mainly grown in India and Bangladesh which contribute to 70% of the world production of jute. Jute is used as packing material for agricultural commodities.

Price competitiveness drives success in the commodity packaging materials. Customers want the right quality jute bags at the best prices, delivered on time. We are committed to providing the FOOD GRADE quality jute bags at a fair price supported by timely delivery and customer service in terms of printing the brand names and commodity specifications on the bags.

Raw and White Sugar

We trade raw and white sugar, bulk and bag, for shipment in containers and vessels.

We originate sugar from the world's leading sugar producing countries and regions, including Brazil, Thailand and India. Our ability to deliver differentiated services that match customers' specific logistical and quality requirements.

Hibiscus Flowers

Widely known for its lush red petals and combination of sweet and tart taste, Hibiscus Sabdariffa, commonly known as the Hibiscus Flower, is used differently in many countries for tea, medicinal purposes, animal fodder, etc. Due to its diverse use, the dried hibiscus flower, known in Nigeria as Zobo, has enjoyed an increase in demand from our European, Asian and North American clients.

Internationally, the Dried Hibiscus Flower is processed into hot and cold herbal beverages, jellies, confectioneries, etc. It is one of our chief exports. We are particular about the process of preparation, packaging and storage of the Hibiscus Flowers picked on our farms to reduce the possibility of contamination and to assure our clients of our unwavering commitment to high quality.

Our method of preparation before export includes hand picking, drying the petals, thorough cleaning to remove impurities and finally, packaging into suitable bags.

Metal Scrap

Metal Scrap is being imported in huge quantity by various furnaces and melting units. We source different grades from United Kingdom and exported to various countries across the world, mainly to our clients in:

Bangladesh
India
Vietnam
Pakistan
Middle East.

Products We offer

Heavy Melting Scrap
Shredded scrap (3B Grade)
Aluminum Scrap
Press bundles (LMS)
ELMO Scrap

TECHNICAL SPECIFIED NATURAL RUBBER TSR 10

TSR which is also known as block rubber is graded according to precise technical parameters such as dirt content, ash content, nitrogen content, volatile matter, and properties of the rubber such as its Wallace Plasticity (PO) and its Plasticity Retention Index (PRI).

The TSR grades most widely used by the tyre and rubber industry are the TSR-10 grades which are originated from West African Region which are known as SIR20, STR20 and SMR20 respectively from Indonesia, Thailand and Malaysia.

The TSR 10 are most widely used by the tyre industries and made from cup lump also known as field coagulum.

Please see the table below for a complete technical data sheet, the raw material from which they are produced and their properties.

Origin: IVC
Packaging - Bales then on the pallets

Technical Data Sheet

| Parameter | Unit | IVC TSR (10) |
|----------------------------------|------|--------------|
| Dirt (max) | % wt | 0.15 |
| Ash (max) | % wt | 0.75 |
| Nitrogen (max) | % wt | 0.60 |
| Volatile Matter (max) | % wt | 0.80 |
| Po (min) | | 30 |
| PRI Index (min) | | 50 |
| Mooney Viscosity(ML, 1+4, 100°C) | | 75 (+/-5%) |

These figures are limits, not typical values. Typical values will vary by producer.
